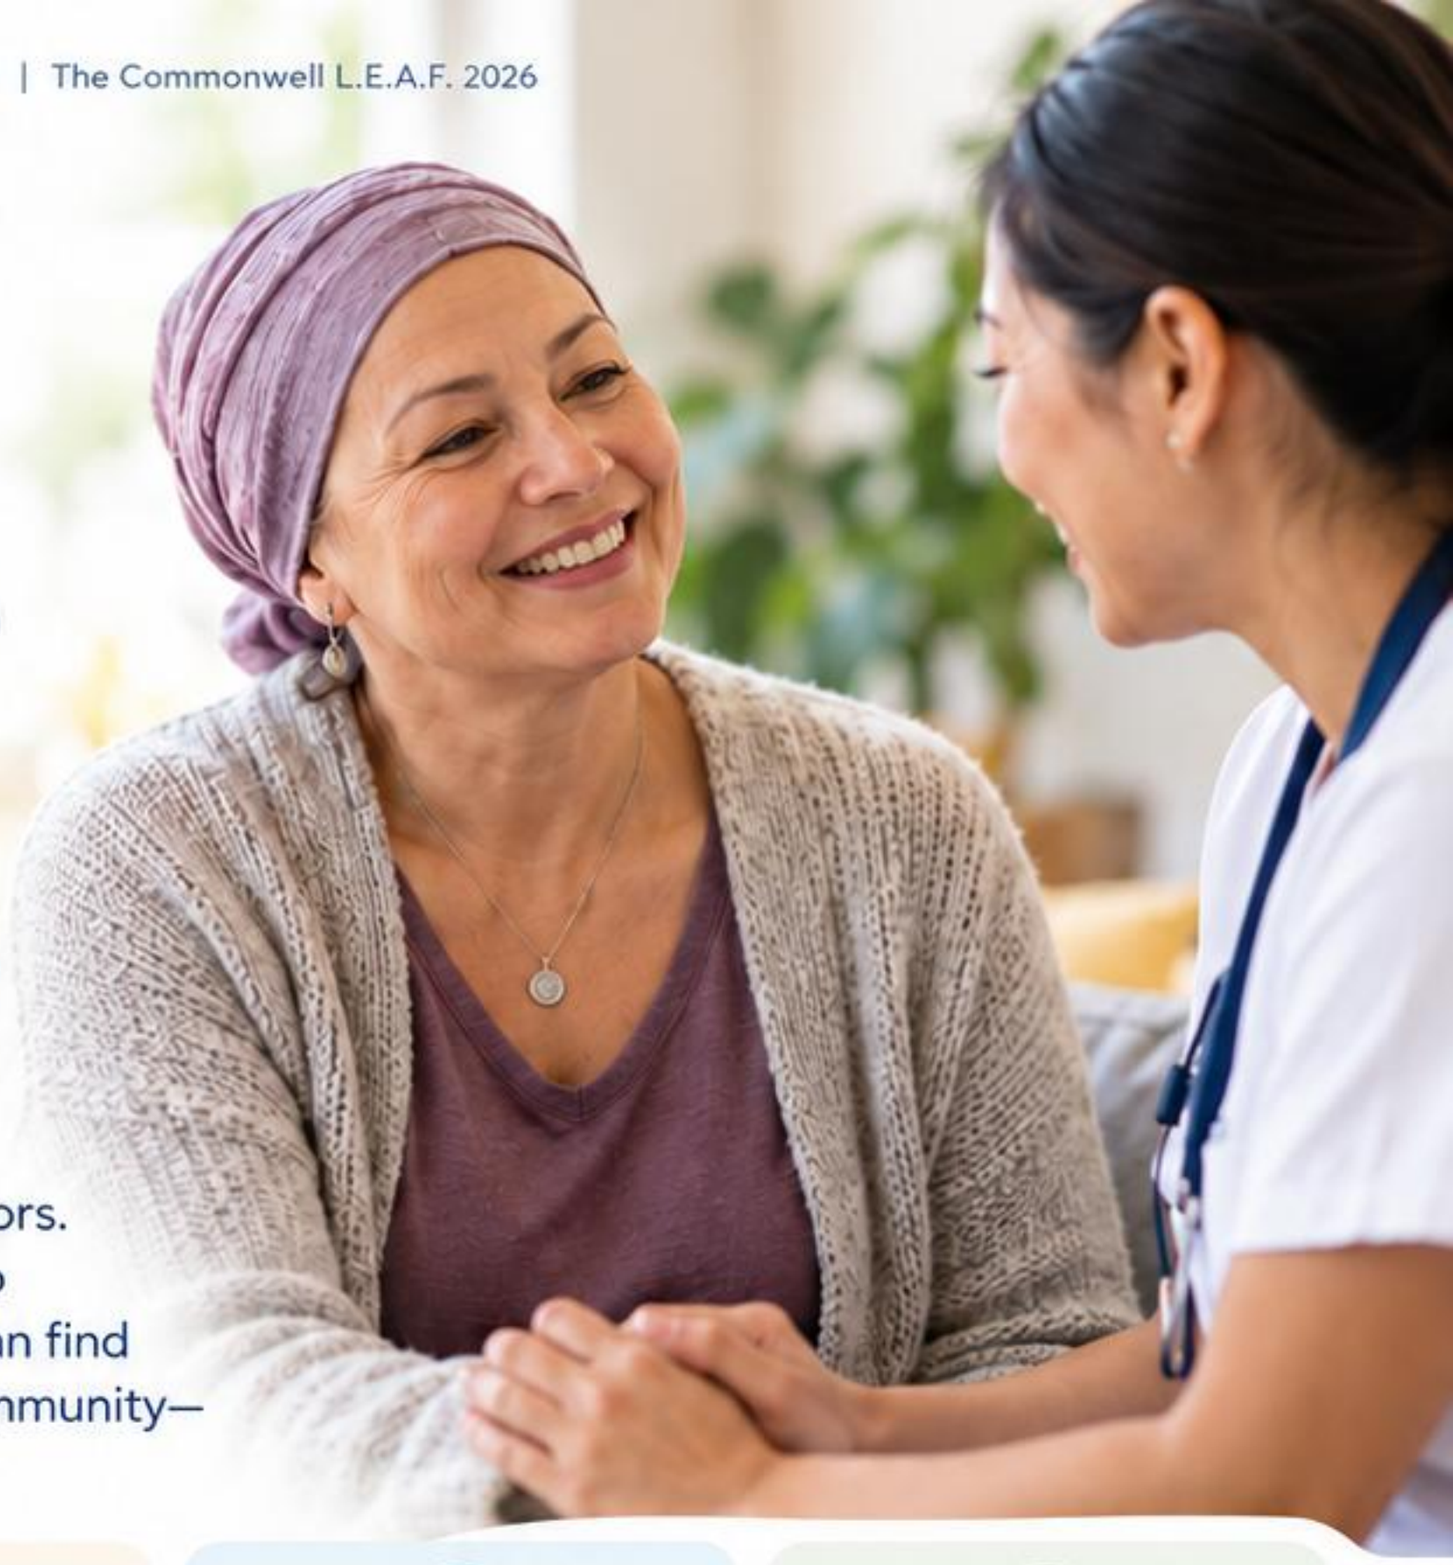
HopeSpring Cancer Support Centre

Beyond the Hospitals

Connecting Cancer Care, Community and Hope.



Cancer care does not end at the hospital doors. HopeSpring is building stronger pathways so individuals and families affected by cancer can find support, guidance and connection in the community—before, during and after treatment.

30
years of cancer support

5,000+
people supported each year

5
regions served

100+
free programs and services

Why this matters

Many people struggle to find support beyond medical treatment.

Medical partners have identified unmet navigation needs.

Rural residents and people facing financial, language or cultural barriers can experience greater hurdles.

Families need clearer pathways to trusted support.

> “No one should have to navigate cancer alone.”

Guided by Hope. Grounded in Community. Powered by Compassion.

Every Cancer. Every Stage. Everyone.

What L.E.A.F. will make possible

The Commonwell's Learning and Engagement Accelerator Fund (L.E.A.F.) will help expand awareness, build practical tools and strengthen community connections so more people affected by cancer can find the right support, at the right time.

Medical-partner education

Equip family physicians, primary care and oncology teams with practical referral knowledge.

Referral tools

Create a reusable how-to video, referral guides and accessible learning materials.

Regional outreach

Bring education and awareness into Waterloo, Wellington, Grey, Bruce and Perth communities.

Community connection

Help people and organizations find clearer pathways to trusted support.

The Community Connection Loop

Educate → Refer → Connect → Support → Learn & Improve

Each step strengthens the next, helping HopeSpring build a more informed and connected community support network.

2027 Proposed Goals

30 medical and community organizations engaged

12 training and onboarding opportunities

5 regions reached

Accessible public learning resources

> "L.E.A.F. will not fund a second referral system. It will help turn an existing pathway into a connected, informed community network."

Why HopeSpring is ready

30 years of community-based cancer support.

Cancer Care Concierge in soft launch on OceanMD.

Concierge Lead and volunteer leadership ready to deliver.

Stronger Connections. Brighter Tomorrows.

With community support, L.E.A.F. will help more people affected by cancer find guidance, connection and hope—today and for years to come.

Guided by Hope. Grounded in Community. Powered by Compassion.

Every Cancer. Every Stage. Everyone.
