BAMM at LEF

- Training 100+ bike mechanics since 2009
- The lead instructor has four decades of industry experience
- Nonprofit training for professional bick and e-bike mechanics in the GTA
- 12 of 14 graduates from the 2025 and 2026 cohorts found jobs in the bike industry

BAMM mobilizes your future

This 6-week, 240-hour, full-time intensive training paves your career path to the fast growing micromobility industry

About LEF

The Learning Enrichment Foundation (LEF) is a Toronto charity serving over 8,000 people each year. Our training, employment, settlement, language and childcare services help marginalized community members build skills and find work. Our social enterprises create jobs and reinvest surpluses in our charitable mission.

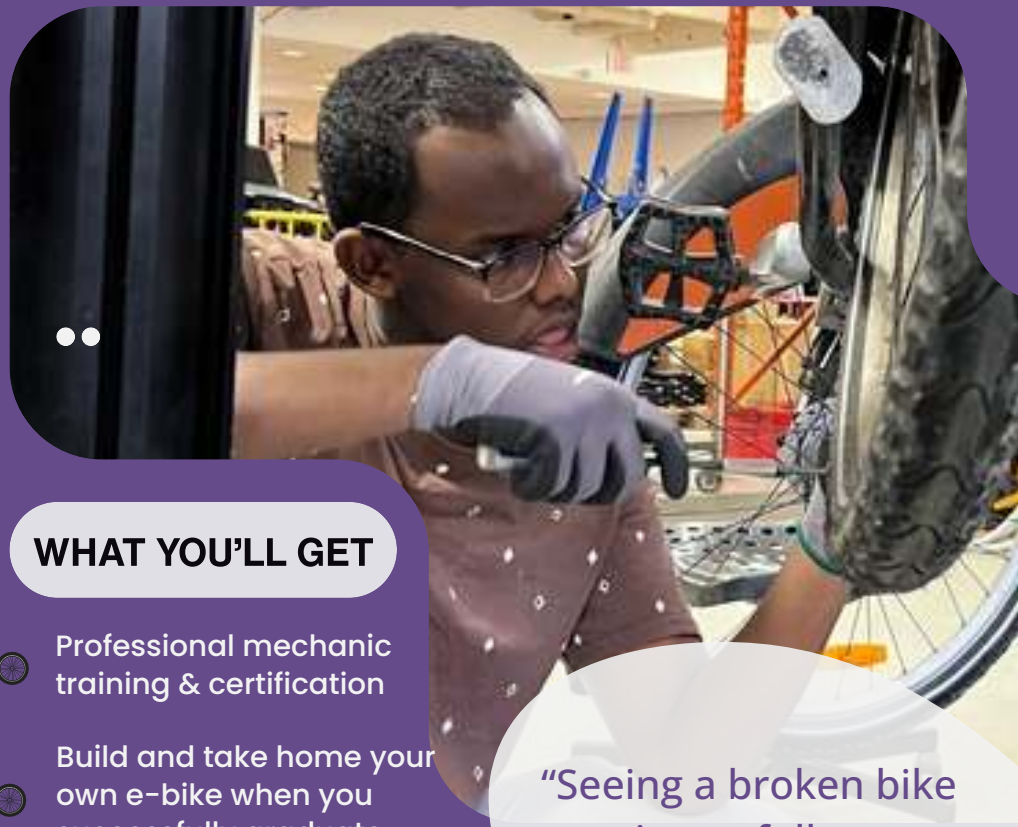
BUILD AN AI-RESILIENT CAREER WITH **BAMM** (BICYCLE ASSEMBLY & MECHANICS FOR MICROMOBILITY)

Bike & E-Bike Mechanic Training



WHAT YOU'LL GET

- Professional mechanic training & certification
- Build and take home your own e-bike when you successfully graduate
- Employment preparation and job-placement support
- Shop operation skills
- Your $7,600 tuition is fully covered by sponsors.

"Seeing a broken bike turn into a fully working one because of our own effort was really rewarding."

Abubakar M. BAMM Graduate, 2026
Full-time Mechanic, Shift Transit

"I took my training at LEF, and it was nothing short of amazing. The instructor, Darren Duke, was incredible. His knowledge and the way he taught us — there's no way I could've afforded that kind of education elsewhere."

Helen, BAMM Graduate, 2025
Long distance touring enthusiast

Local MPP Mohamed Firin with the graduates of the 2026 cohort

from cyclists to bike mechanics

BUILD your skills

KEEP the community moving

Our planned community bike shop on Weston Road will provide supervised work experience for trainees and affordable repairs for local residents.

"Graduation from this program meant proving to myself that I'm capable of finding and having a place in this world, one that I'm both comfortable with and thrive in."

Samuel A., BAMM Graduate, 2026
Full-time Mechanic, Repair & Run
