RE: Letter of Support

To Whom It May Concern,

I am writing this letter of support regarding the possibility of funding through Commonwell for the Killaloe Station Park playground. The EarlyON Toy Bus program had utilized this park for outdoor programming on a regular basis for over 2 decades. Unfortunately, the play structures have deteriorated to a point where they are no longer safe for small children to play on. For several years now, the state of the playground has forced us to move our outdoor programs to a school location that can only be access during the months of July and August.

Station Park is centrally located in the village of Killaloe and so accessible to families. It is such a beautiful gathering place for all in this tiny community. We have had grave concerns regarding the state of the play structures for some time now and worry for the safety of the public – locals and visitors.

We would like to fully support this request to access funding through Commonwell. If you have any further questions regarding this letter of support, please do not hesitate to reach out.

Sincerely,

Kim Groskleg
