Re: Letter of Support and Venue Authorization — Campaign Ready Commonwell L.E.A.F. Application

To the Commonwell L.E.A.F. Selection Committee,
On behalf of Royal Rose Art Gallery, I am pleased to express our support for Campaign Ready's application to the 2026 Commonwell L.E.A.F. initiative.
Royal Rose Gallery is committed to creating opportunities for community engagement, education, creativity, and meaningful connection. We recognize the importance of Campaign Ready's work in helping young people develop civic leadership skills, build confidence, and access opportunities for personal and professional growth.
As the owner of Royal Rose Gallery, I confirm our willingness to make our gallery space, located at **15210 Yonge St, Aurora ON**, available for Campaign Ready's proposed educational workshops and youth leadership activities, subject to mutually agreed scheduling and operational arrangements.
The gallery would serve as a community-based learning environment where young people can participate in interactive workshops, facilitated discussions, leadership development activities, and opportunities to connect with community leaders and professionals.
Our organizations have an established collaborative relationship, including Campaign Ready's Civic Leadership Day scheduled for November 14, 2026, at Royal Rose Art Gallery.
We believe this proposed initiative will contribute to a more inclusive community by creating accessible opportunities for young people to learn, connect, and develop skills that support their future participation in civic and community life.
We are pleased to support Campaign Ready's application and look forward to continuing our partnership.

Sincerely,

Rosa Calabrese
