Hawkestone

Connections & Learning

Every 2nd Friday

Youth on Stage

Hawkestone Community Hall, Oro-Medonte

Young people take the stage alongside neighbours of all ages, making music together at community events. Youth help with setup, serving and events while earning community hours.

Give young people the opportunity not only to attend community events, but to help create them. Young people should have opportunities to see generosity, inclusion, volunteering and intergenerational learning in action, while contributing their own ideas and abilities. Learning and mentorship are reciprocal: everyone has something to offer, and everyone has something they can learn.
